PETRODAT 3003 Aircraft Refuelling

The highly efficient OnTruck equipment

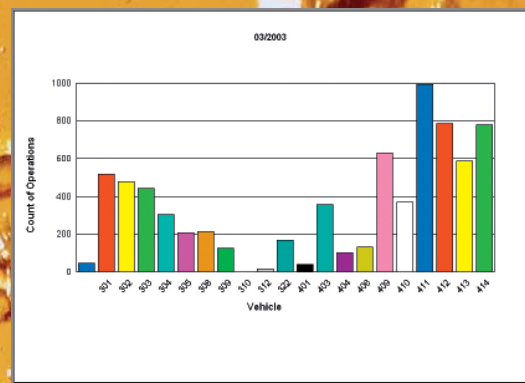

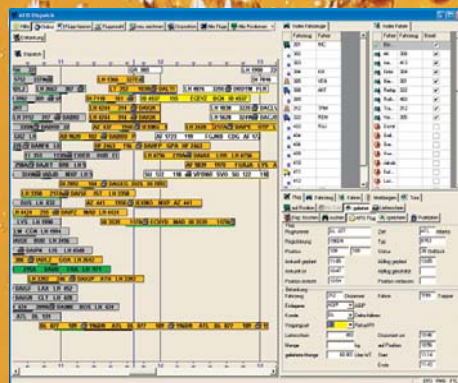

PETRODAT 3003 Aircraft Refuelling ...the high efficient OnTruck equipment

BARTEC BENKE

Your partner for innovative system solutions

The specialists at BARTEC BENKE offer long-year experience. They create solutions which you can rely on: economical, reliable and for the future.

PETRODAT 3003 Aircraft Refuelling
the highly efficient OnTruck equipment for aircraft refuellers and dispensers in hazardous areas.

...the all in one solution

- no data loss
- all in one responsibility
- 3 month data base

PETRODAT 3003 Aircraft Refuelling

Starting up as a standard measuring unit to a complete dispatch solution you will solve all your individual questions. PETRODAT Aircraft Refuelling is combining three systems, measuring, data transfer and On Board computer.

OnTruck computer

- Linux operating system
- 3 month data base
- central service and update functionality via GPRS modem
- individual design, interactive display

Message transmission system

- independent secured data transmission via GPRS/UMTS modem
- guaranteed data security
- online connection IP based, static IP adressable
- message queue
- data transfer through Web server

Electronic measurement system

- approved measuring unit by MID or national authorities
- one to four measuring units adoptable in one PETRODAT 3003 system
- temperature compensation optional

Ticket printer

- E-ticketing without printout
- design for the printout
- messages printout
